

THE NATURE CENTER AT SHAKER LAKES

Report to the Community

September 1, 2009 – August 31, 2010

*A Place For
All Seasons*

Nature Center
AT SHAKER LAKES

Letter from the Executive Director

Dear Friends,

I feel so fortunate to live in a place with four distinct seasons. The quiet of a white blanket of snow in winter; the renewal that spring brings; the long, sunny days of summer; and the trees ablaze with color in autumn are each beautiful in their own way, and I appreciate their richness and diversity.

The Nature Center at Shaker Lakes is a premier location to experience every season. Our twenty acres boast several distinct habitats – including marsh, field, stream, forest, and prairie – and have something beautiful to offer no matter what the time of year. Depending on the season, you might see butterflies migrating, baby turtles hatching, blue herons taking flight, minks playing, or flowers blooming. You can also come inside our building and bird-watch, explore the exhibits, shop for nature-themed gifts, and visit our educational animals. It's worth coming here often to see how things change throughout the year.

Fiscal Year 2010 (September 1, 2009 – August 31, 2010) was a season of success at the Nature Center. As you'll read in this report, we touched the lives of more than 25,000 people of all ages, who came here to hike on our trails; to participate in our camps, classes, and field trips; and to learn about being a good steward of the environment.

We also engaged in proactive land management activities, including initiating a massive revitalization of our marsh; making repairs to the "All People's Trail," our elevated boardwalk; and removing invasive plant species that were crowding out our native plants.

Gail Arnold provided incredible leadership as President of the Board of Directors during fiscal years 2009 and 2010, and I am grateful for her service. Gail has passed the torch to Michael Novak, who is serving as President for fiscal years 2011 and 2012, and I am thrilled to have him at the helm.

I am looking forward to a year full of dynamic programming for every season. As always, I am so thankful for your support – we couldn't do any of this without you!

See you on the trails,

Kay Carlson
Executive Director

*Executive Director Kay Carlson (far right)
with Gail Arnold, outgoing Board President,
and Michael Novak, Board President for
fiscal years 2011 and 2012.*

A Place for All Seasons

The Nature Center at Shaker Lakes is truly a place for all seasons. Our walking trails and building are open year-round, allowing visitors to observe how nature changes throughout the year.

Our classes and workshops also offer something for all seasons. During Spring, you can take a class in rain barrel construction, learning how to save rain water for use in your garden. Speaking of gardens, we'll teach you and your family how to start and maintain one. Summer is when you'll find the Nature Center full of hundreds of laughing, learning campers. It's also a prime time for hiking our trails to see plants and flowers in full bloom. In Fall, as you harvest the garden you started in Spring, we'll teach you how to freeze and can your food. Fall is also field trip time, and we host thousands of school children who come here to be immersed in nature. And in Winter, we'll teach you how to weatherize your house and how best to feed our fine feathered friends during the cold months.

We offer something for all seasons of a person's life as well, from brand-new infants in our "Babes in Nature" classes to seniors volunteering at Cleveland's Intergenerational School. So whether you're a school kid, a parent with young children, an empty nester, or a senior, there's something for you at the Nature Center.

This past year was full of accomplishments. Some highlights:

- We received a two-year grant from the Ohio Environmental Protection Agency's Cuyahoga County Surface Water Improvement Fund to **restore our marsh habitat**. Through this project, we are removing invasive plant species and replanting with native species. This will improve the health of the marsh as well as the water quality of the Doan Brook and, ultimately, Lake Erie.
- The Jenny Goldman Outreach Fund, established to honor the memory of teenage naturalist Jenny Goldman, supported the delivery of **environmental education outreach programs to underserved youth**. Almost 200 students from the Michael R. White school (6-8th graders) and the John Hay School of Architecture and Design High School in Cleveland (10-11th graders) participated in ongoing, hands-on programming at Dike 14, a former disposal facility on Lake Erie's shores that is now a unique wildlife haven.
- Our outreach program also brought environmental education programming to **Head Start preschoolers and students and seniors from The Intergenerational School**.
- We provided **joint programming with many area organizations**, including Lakeview Cemetery, the Cleveland Botanical Garden, the Rotary Club of Shaker Heights, and North Coast Black Bass Angler Association.

A Place for All Seasons (continued)

- We provided **environmental education field trips** to more than 6,000 area students, from preschool through high school. Our hands-on, engaging sessions – including “Migrating Monarchs,” “Doan Brook Geology,” “WOW! Woods or Wetlands,” and “Amazing Animal Adaptations” – support Ohio’s Academic Content Standards.
- Sixty-five people participated in our **WinterGreen Challenge**, a three-month-long friendly competition for families to learn how to incorporate more environmentally sustainable household practices into their daily life.
- We partnered with the Greater Cleveland Regional Transit Authority (RTA) to officially **designate the rapid transit stop at South Park as the “Nature Center at Shaker Lakes Stop.”** Nature Center staff, RTA executives, and members of the Student Service Corps from Onaway Elementary School in Shaker Heights worked together to plant native species – donated by Lawn Lad, Inc. – around the stop.
- We embraced **social media** by initiating a presence on Facebook and Twitter.
- Our signature **special events** – “Pestival” and the Summer Benefit (the theme was The Secret Garden) – brought record numbers of supporters to the Nature Center.

Sampling of Services Provided

September 1, 2009 – August 31, 2010

| | |
|---|--------|
| Visitors to the Nature Center’s building and trails | 15,000 |
| Students attending field trips at the Nature Center | 6,313 |
| Attendance at educational classes/workshops | 1,213 |
| Children participating in summer camp | 548 |
| Head Start preschoolers receiving environmental education | 460 |
| Off-site school programs presented | 134 |
| Acres of land managed | 20 |
| Number of volunteers | 300 |
| Number of hours of service donated by volunteers | 4,000 |

Volunteer of the Year

Mike Kannard was named the Nature Center's Volunteer of the Year in recognition of his extraordinary commitment to the Nature Center. Mike served as Chair of the Natural Resources Management Committee and contributed more than 150 hours of service as a volunteer landscape architect.

Nest Egg Fund

In 2010, two generous supporters of the Nature Center, who wish to remain anonymous, helped us establish a reserve fund to be used at the discretion of the Board and Executive Director in times of financial emergency and/or for prudent deficit reduction. They contributed \$100,000 and offered to match other donations. Fans of the Nature Center rose to the challenge, which resulted in our \$300,000 "Nest Egg Fund." We extend a hearty thank you to all who gave to the Fund, which is helping ensure a bright future for the Nature Center.

Board of Directors

(September 1, 2009 – August 30, 2010)

Gail Arnold*, *President*
John Barber, *Past President*
